The rates of degree recipients and early leavers indicate proportion to the enrolled students.
calculation : degree conferral rate (D) =graduates (C) ÷ (enrolled (A) ±transferred within school (B))
dropout rate (G) =dropouts (F) ÷ (enrolled (A) ±transferred with school (B))
※The main reasons for students to leave Doctoral Program are employment during enrollment or, in case of adult student, work conditions (excluding those who finished courses without degree.)
